SUMMARY

Full Stack Web Developer with a background in railroad freight car repair/inspection and inventory management with a life-long dedication to learning. Effective at combining creativity and problem solving to develop user-friendly applications. Known among staff for strong wit, reliability, and attention to detail no matter the complexity of the project.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, jQuery

PROJECTS

Meal Assistant | https://github.com/maynperalta/Meal-Assistant | https://maynperalta.github.io/Meal-Assistant/

Group project working with 2 other University of Denver students. App developed to assist with planning meals including recipes and drinks.
- Used JavaScript and jQuery to code responsive and dynamically generated drink catalog and various recipes through API calls
- Tools / languages used included jQuery, JavaScript, HTML, CSS, Bulma and The Cocktail DB API.

Weather App | https://github.com/maynperalta/MyWeatherApp | https://maynperalta.github.io/MyWeatherApp/

Project for University of Denver Coding Boot Camp. App displays current weather conditions for a city as well as a 5 day forecast for the selected city.
- Used HTML, CSS, JavaScript, and jQuery to dynamically code a responsive weather application which displays humidity, temperature, UV index, and five day forecast for a city input into a search field. Past searched cities are saved into a list for quick reference.
- Tools / languages used included jQuery, JavaScript, HTML, CSS, Bootstrap and Open Weather Map API.

DAY PLANNER | https://github.com/maynperalta/DayPlanner | https://maynperalta.github.io/DayPlanner/

Project for University of Denver Coding Boot Camp. App allows users to schedule events during normal business hours (9 a.m. - 5 p.m.).
- Used HTML, CSS, Bootstrap, JavaScript, and jQuery to code a responsive scheduler application which allows users to store events during a normal business day.
- App has color indication to quickly show if tasks are in the past, future, or present.
- Tools / languages used included jQuery, JavaScript, HTML, CSS, and Bootstrap.

EXPERIENCE

Railway Carman/Materials Coordinator   2005 – Current
BNSF Railway   Denver, CO
Freight train inspection and repair specialist. Also responsible for materials coordination/inventory management which involved communications with various facilities and suppliers across the country to ship and receive equipment needed for the entire staff to complete duties. Past duties also included supervision of work crews in order to carry out repairs and inspections in a timely manner to ensure transportation schedules are met.
